... wherein lies the  
record of the good ship Lebanon  
which sailed in September, 1944, upon  
its annual voyage. In command were  
Captain Horsman and his officers. Among  
the crew were old salts hoping to make  
this their last voyage and landlubbers  
having their first try at life on the  
high seas.

# ALL HANDS ON DECK!

Senior Assembly, January 19, 1945

"Full speed ahead" went the Hi-Y as they set out to raise money for recreational equipment on an L.S.T. Here they are examining the big check.

"Inspection" was called for our Mount Lebo Lassies.

"Aye, aye, sir," might be the words of this culprit, caught "leeching in" on the cafeteria line.

"Chow" brought us parading through the lunch line.

"Mop the deck" was the order, as sturdy hands cleaned up in the shop.

"Shore leave" at the "Rec," with the usual mixture of gals and sailors, was a welcome relief after a day of work.

## In Memoriam

In tribute to the thirty-one  
alumni of Mt. Lebanon  
High School who have  
given their lives for our  
country.

Reliquary\*  
Martha Keller

No stone was ever white enough,  
No evergreen was green enough  
Nor any earth was good enough  
To be the sepulcher  
Of those who lie in sea and sand  
In any and in every land,  
Who died to prove our word was worth  
The worth of what they were.

## STUDENT COURT

Every ship needs some able-bodied seamen to see that law and order prevail and wrong doers are dealt with. Here's where the Student Court carried out its job. The Court's task was merely to give advice and guidance to its fellow seamen. This it did in shipshape fashion, too. The idea of having mates judge their fellow mates has proven to be a good one, as the culprits respect judgment passed on from those among their own ranks. As the end of the voyage drew near, the eight members of the Court closed the book, well pleased with the actions of everyone on board ship.

## EXECUTIVE BOARD

The Executive Board, composed of the three officers and the home room presidents and senior representatives, was tops in student government.

Sponsored by Miss Taylor, the Board held its weekly meetings every Thursday morning. Everything from the repairing of pencil sharpeners to the changing of the seating arrangement in the cafeteria was taken care of. The crew couldn't have had two finer skippers than George Kraemer and Brad Richardson, Executive Board presidents for the fall and spring semesters, respectively. At the beginning of the voyage the crew started out "full speed ahead" and let nothing steer them off course. Their perseverance was rewarded when their destination was reached and a successful voyage recorded.

## OUR OFFICERS KEPT

Miss Pickens's twelfth grade English and 120C classes and Miss Neumarker's eleventh grade English cause many Mt. Lebanon students to be occupied "after hours."

Miss Leeper, who helps us plan our high school courses, confers with Miss Ware, our home and school visitor, and Dr. Allen, our test supervisor.

Signing out those textbooks keeps Mr. Dambach and Mr. Schade busy. Their book room is the source of those volumes that are always too heavy.

It looks as if the basketball is the center of interest, doesn't it? Here we have Mr. Clark and Miss Billingsley, our popular sports instructors.

Our future secretaries and bookkeepers gain experience in office work from Mr. Burrows and learn typing and shorthand from Miss Whinnie.

Miss Ward discusses an issue of the "Lantern" with Miss Elliott, who teaches journalism and senior English. You'll find Miss Ward teaching World History in 117.

That world globe is the beginning of many a discourse among our history instructors. They are Mr. Hall, Mrs. Horne, and Mrs. Thompson.

## THE SHIP RUNNING...

Miss Travis examines some solid geometry figures with Miss Smith. They often have a tough time trying to plant a knowledge of math in our heads.

Dr. Horsman discusses a problem with our vice-principal, Miss Ion, who has an advanced algebra class in addition to her other duties.

The nurse, Miss High, and the school physician, Dr. Kendall, "repair" our injuries. They have their headquarters in 115, the Medical Office.

Mr. Doak and Mr. Mollenauer decide upon the condition of the track. Of course, you may find them teaching American History during school hours.

The Bulletin Boards and the Publicity Committee keep Miss Behen and Mrs. Hicks rushing about the building. Our budding artists and typists gain skill with their help.

Miss Moore is aided in the library by Miss Powell, another English teacher. They seem to be quite interested in some new additions to our book collection.

A popular share-the-ride club around the school consists of Mrs. Rinne, Mrs. Taylor, and Mrs. Adamson. They teach English, chemistry, and health, respectively.

## ...AND TRAINED

Mr. Anderson's shop is a very popular section of the building. The mechanical drawings produced by Mr. Peters' classes appear to be rather intriguing, too.

These three faculty members are, no doubt, planning some new event for the Girl Reserves. They are the Misses Frobese, Stephens, and Grove.

Tea and relaxation are offered by our home economics teacher, Miss Fish (second from left). Misses Roegge, Beck, and Thompson are enjoying it with her.

"What do we eat today?" Mrs. Kelly plans our menus while Mr. Ruth, physics teacher, makes sure that we have a place to consume our lunches.

Miss Rightmire "proves" it to Mr. Goodwin and Mrs. Horsch. Just about all of us have drawn geometric figures to please these teachers.

We owe the benefits of the Wednesday morning devotions via P.A. to the efforts of Miss Sneary, in charge of music, and Miss Holliday, one of our Latin teachers, who sponsors the programs.

## THE CREW, TOO

"Who shall it be?" Miss Funk, Mr. Mills, and Mrs. Gooding debate all possibilities for casting this play. They teach English, public speaking, and Spanish, respectively.

Our industrious sponsor of activities, Miss Taylor, tries to sell a hot dog to our English teacher, Mrs. Morgan. Miss McClure, who teaches Latin, seems to be enjoying hers already.

How could we get along without our coaches! Mr. Beckert is assisted in keeping the team in good shape by Mr. Swanson (left) and Mr. Srp (right).

Miss Patterson and Miss Zahniser investigate the material just removed from their mail boxes. Between the two of them, we should learn some Latin and French.

Mollusks and Arthropods, in addition to fish, are observed in these aquaria by Mr. Gilbert, Mrs. Sherman, and the cadet, Miss Keiser. The animals and plants deal with their subject, biology.

A former coach of our football team, Coach Luecht, is now a lieutenant in the Navy. Here he is, snapped at one of the Mounties' exciting games.

## SENIORS RECORDED

At a balance-it-on-your-knee and don't-spill-it tea the 12 B's entertained the 12 A's—in ship-shape fashion, too.

One skit at the tea presented these cuties as vegetables. Say, where can you buy seeds to grow that kind of vegetable?

Well deserving of their caloric reward, Senior Tea hostesses prepared to replenish their vitamin supply.

The climax of the program came when the senior A's were called up to the platform to receive miniature diplomas.

## THE HIGH SPOTS...

The many tea drinkers kept the aides stepping high, wide, and handsome.

Here they are coming back for refills.

More senior A's received their diplomas and hearty congratulations from all present amid a thunderous burst of applause.

This is the only time all year that a senior had his head out of the soup in the cafeteria and then only for some publicity.

With a lump in our throats we sang our senior song to the tune of "Always" for the whole school at our last assembly.

## ... ON THEIR

Remember John Oakes and his imitations at the Senior Dessert? Laugh? I thought my tears would never stop.

Another big moment for the Senior A's was their Dessert, as attended by—Say, where is the dessert?

The Class Play Property Committee worked long and hard to help make the play a memorable one.

J. O. Ostergaard is definitely taking a beating at the hands of "Cud" Kratz in this scene from "Captain Applejack." Is there a doctor in the house?

# LAST VOYAGE

Here's another skit at the Senior Tea, as Grace Fuchs primps for the ninth grade prom. Looks pretty good for ninth grade.

Florists did a land-office business, and after it was over, many of the corsages were pressed as memories; but for prom night they bloomed in glory, as did their wearers.

"—I could dance all night like this." Some did, the night of the prom.

A coke and an easy chair are just what the doctor ordered, after we "knocked ourselves out" dancing to "One O'Clock Jump."

# WE CHOSE OUR

## JANUARY CLASS

Top to bottom, left to right

All the good looks of a Hollywood star  
Couldn't beat Mary or Allan by far!

Now whom do we choose for great future successes?  
Evelyn and George are two mighty good guesses.

For honors scholastic that really make news,  
Hoyt Hickman and Phyllis we all proudly choose.

A laugh or a joke you'd undoubtedly hear  
Whenever John or Thelma were near.

When actors have died and all drama has gone,  
We'll always remember both Mary and John.

For top personality, laurels they carry,  
Our favorites of favorites, Bobbie and Harry.

Two of the kids who were quiet but nice  
Were chubby Herb Volz and little Jean Bryce.

In sports we would always find Eddy and Jean,  
So here they are, meet them, the king and the queen.

All-around kids were our Bobbie and Leigh;  
If you should know them, we're sure you'll agree.

The couple most frequently seen in our lobby  
Were two kids we know as Cud Kratz and Bobbie.

They knew their fashions; you'll have to confess  
Orca and Ralph really knew how to dress.

For dancing that's tops, here is whom we would pick  
Our Lolly and Bill, who were really quite slick.

# TOP SAILORS

## JUNE CLASS

Reading Dick Tracy does not take great pains,  
But you, Don and Alice, have plenty of brains.

Washing out rugs for the money they need,  
Gloria and Don are all set to succeed.

Don't they look bored? Well, they're not in reality.  
Gloria and Norm have the best personality.

For cutest of couples, just bet that we'll vouch  
For stubborn H. Massey and pleading J. Couch.

Cecilia and Donald could always rate "A"  
As jitterbugs, waltzers, or corps de ballet.

The gal we see peeping from this great big can  
Is all-around Glo, but where's Brad? He's the man.

This bulldog so hideous they pet as their pal  
Is the opposite in looks from Janie and Cal.

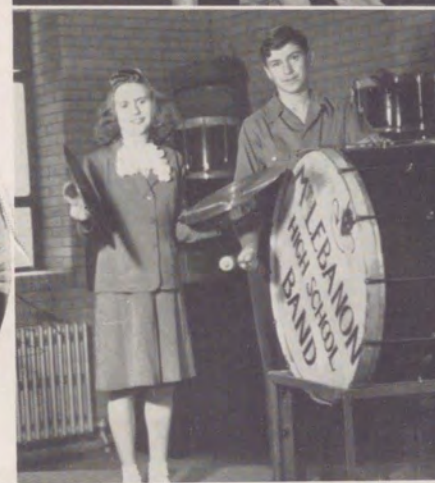

To beat the bass drum, these kids said they would try it;  
But Marilyn and Bob are of all our most quiet.

The two who could win in almost any race  
Were athletic star Danny and cheerleader Grace.

Jackie and Betty though clad here in shorts,  
Were best dressed among us in school and in sports.

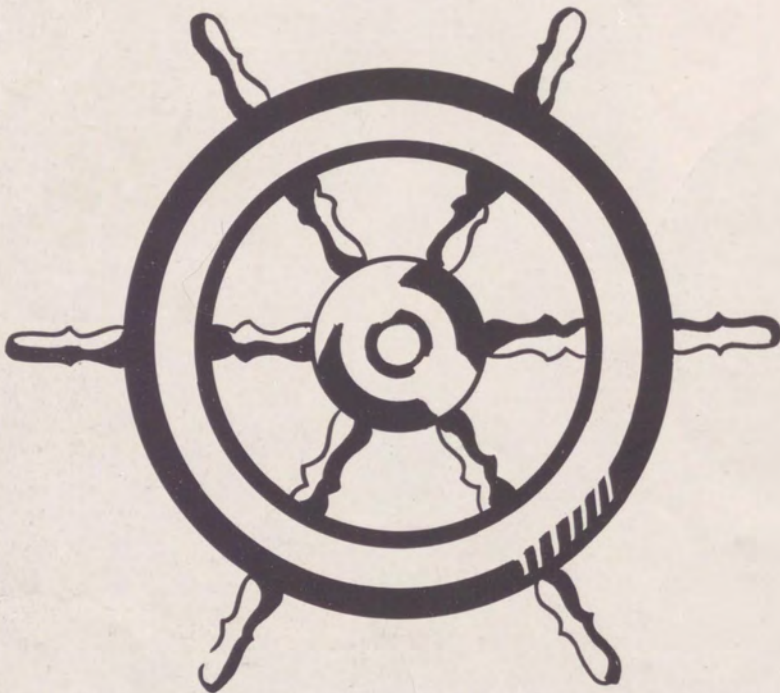

The jokes that undoubtedly caused a big fuss  
Come straight from the lips of our Fletch and Russ.

The most talented students that most of us know  
Were pianist Jack Kelly, the actress called Glo.

The place: A sidewalk cafe in Madrid.

President George shows the boys a solid short-cut in solid geometry. In fact, it's a really solid class.

Bob and George show and rewind pictures of germs, glass, steel, and coal day after day. They took the job because they were promised Betty Grable and Lana Turner.

All the members of the coaching staff will bear me out when I say that it was a pleasure to handle this particular group of boys. They loved to play, responded well to coaching, and came through with many practical suggestions of their own. I'll always be proud of my first bunch of Blue Devils."

Under the leadership of Coach Beckert and his able assistants, the Mt. Lebanon Blue Devils enjoyed one of the best football seasons in many years with a record of five wins and three losses. The strength of their

opponents is evidenced by the fact that Westinghouse captured the City Championship, while Monessen and Clairton were runners-up in the W.P.I.A.L.

The Mountie eleven opened their season by routing Langley High by a decisive 20-0 score; the following week the Westinghouse "Silver Lakers" jolted our local squad with a 13-0 defeat. On the following Friday, Mt. Lebanon fought back to hand the visiting New Kensington eleven a 26-13 setback. Brentwood was next on the list of Mt. Lebanon victories, and the score was 27-0.

At Clairton, under extremely unfavorable weather conditions, the Mounties outfought and outcharged their opponents through mud and mire but failed to outscore the Clairton team and were defeated 12-2. At

Monessen the Blue and Gold was overpowered again, 27-12.

Returning home, the Mounties vanquished Washington by the score 21-0. In the final game of the season Mt. Lebanon was host to Norwin and swamped the visiting eleven by a 32-0 score.

The line of senior lettermen boasted the versatility and top-notch pass-receiving of ends Del Grande, McMasters, and Sheehan; the fast charging and splendid blocking of tackles Stacks and Frye and guards Simmonds and Hahner; and the fine all-round performance of center McShannic. The back-field featured the speed and deception of Captain Guthrie, Wicks, and Reynolds; the passing and generalship of Bearer, and the crafty, tricky running of Bush.

## CAGERS PACKED BLEACHERS

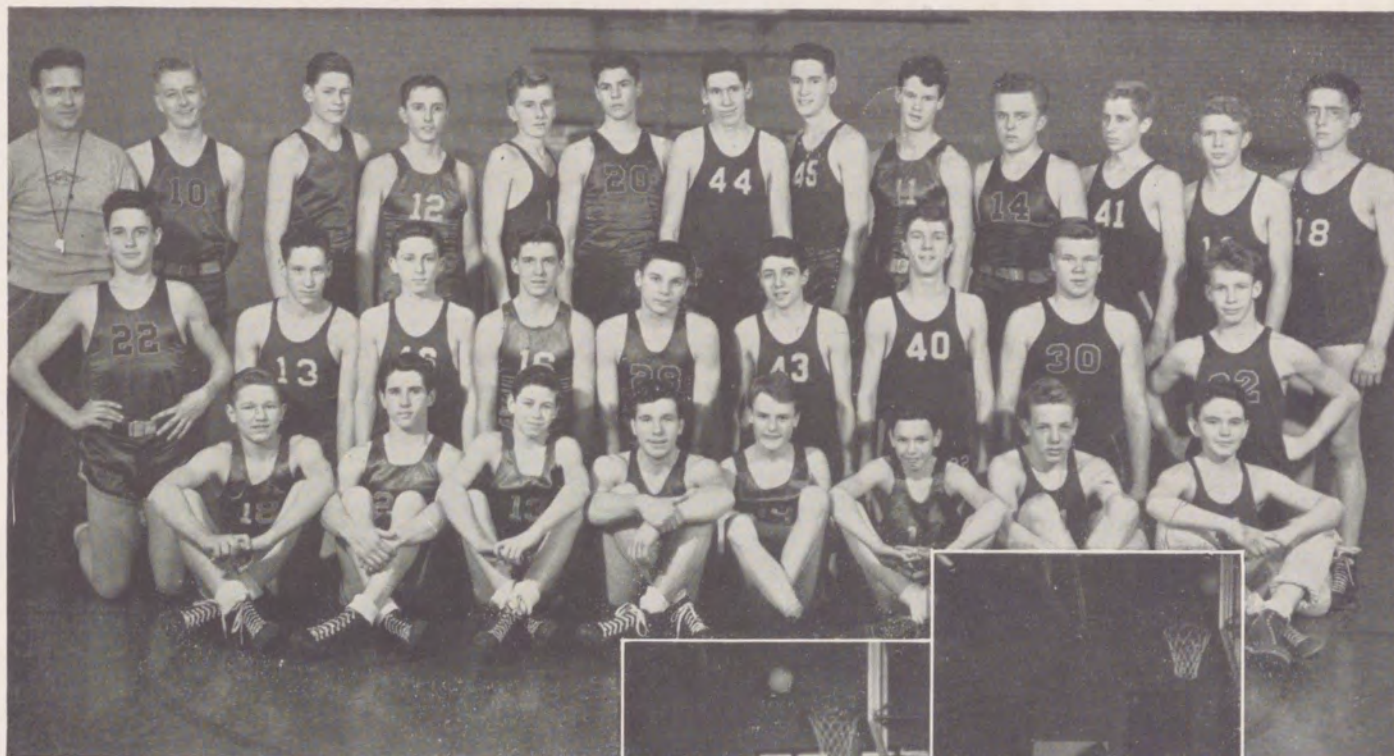

Coach "Speed" Clark's comment on this year's court men is as follows: "I would like to compliment personally the members of this year's basketball team on the following points: (1) your fine record of seventeen victories and five defeats; (2) your loyalty to school, team, and coach throughout a long season; and (3) your dogged determination and will to win every game.

"Of course we did not win every game, but I am sure I am talking for the team when I say we had the satisfaction of knowing we played with everything we had. When we lost we were ready to admit defeat to a bet-

ter team—no favors asked during the game, no alibis afterward. That to my mind is the trade mark with which future Mt. Lebanon teams will be branded."

The players on this year's team fought hard to achieve the highest goal attainable. The return of three lettermen from last year's quintet, which compiled a record of thirteen won and nine lost, formed the foundation for a much improved team. Pre-season games proved tough, but they lost only two of these contests. The first half of section play went along neck and neck until we met Brentwood on their court. The team lost

Brentwood captured the section crown, however, by winning the play-off 30-25. Besides lettermen Bob Hill, Dean Steliotes, and Tom Thomas, the 1945 "B" squad added Vic Mohl and Bruce Bearer, with newcomers Willy Howell, Moe Hardy, and Bill Reynolds rounding out one of the best teams in recent years.

## HARRIERS AGAIN CAPTURED STATE HONORS

#### CROSS COUNTRY

"A nucleus of strong experienced runners, terrific intersquad competition, and a fine tradition of team loyalty were the main factors in another successful season." That's Coach Mollenauer's comment about this year's cross country champions.

The strong experienced runners he refers to included returning lettermen—G. Kraemer, Murphy, Nelson, and Taylor; fast-finishing seniors—Richardson, Carey, and Strickler; and those sensational sophomores and juniors—Alexander, D. Kraemer, and Plummer.

A look at the record shows just how successful this season was. The Mounties made a clean sweep of their regular schedule, won the sectional title for the third consecutive year, and retained their state title. This added ten more wins to their streak of twenty-nine straight victories without a loss.

# GOLF, RIFLE TEAMS SHOT UNDER PAR

The 1944 golf team had a rather disappointing season. The boys won two matches, lost three, and tied one.

Coach Ditty coached the team, which consisted of Kunkle, Langford, Read, Lewandowski, Massey, Creehan, Garver, and Mohler. With five senior lettermen returning, the prospects for a successful 1945 season are much brighter than last year.

Mt. Lebo's rifle team, in losing six of their eight lettermen of last year, started out with an almost entirely new squad this year and had a tough schedule to boot. Although they kept improving their scores throughout the season, the opposition was just a few shots ahead of them.

This year's lettermen were Stitt (captain), Schlienger, Mershon, Laing, Wallerstedt, G. Smith, and Martin.

## TRACKSTERS ATTAINED NEW GLORY

### 1944 TRACK

Like old man river, the Mounty track team rolled up another successful season in which the "spiked athletes" carved their name third on the 1944 W.P.I.A.L. track records.

Led once again by Don Mollenauer, the tracksters showed many outstanding individuals. The greatest was Dick Toler, co-captain, who at the W.P.I.A.L. championship meet captured first place in the half-mile run. Toler, a consistent winner all year, finished second in the P.I.A.A. meet at Penn State.

Of the twenty-six lettermen, other stellar senior performers were Kapsh, co-captain and star hurdler; Schober, who tied for second place in the pole vault at the W.P.I.A.L.

Captain George Kraemer

# ON THE CINDERPATHS

meet; Kraemer, mile record holder on our new track; and Corbett, ace Mounty javelin hurler. Other lettermen were George, Gerry, and Dan Bearer, Richardson, Sergeson, Kountz, Strickler, Barclay, Paton, Markson, Guthrie, Murphy, Winters, Taylor, Fletcher, Brown, Allen, Donoghue, A. Reynolds, Geyser, and this year's co-captains, McKee and B. Reynolds.

By far the two best showings of the track team were at the Ambridge Relays and the Washington Invitational. Under the blazing sun, the Mounties literally sweated their way to capturing the W.P.I.A.L. relay titles. Smarting from a surprise defeat inflicted upon them by Clairton, the Blue Devils scored heavily in the running events and gained a startling victory.

Struggling violently to gain permanently the Washington Invitation Trophy, which must be won three years in succession to be kept, the Mt. Lebonites captured first place from a highly contested field. No fighting spirit in Mt. Lebo has ever equaled that of those who were playing to bring home the "bacon." Until the very last, when we decisively pulled ahead, two points only separated the Mounties and their arch-rivals, Clairton.

This year's large crowd watched the Mounties capture four of their five home meets, the first complete schedule ever played here.

## STRONG TEAM RETAINED SECTION I TITLE

### BASEBALL - 1944

Coach Clark's comment—"In winning the sectional title for the second straight year, Mt. Lebanon had, in my humble opinion, the best baseball team in her history and one that will be mighty hard to duplicate in future years. To begin with, we had an experienced letterman for every position plus a good crop of first year men and second stringers. In fact, so good were our prospects that I have often wondered whether we reached the full limit of our possibilities. I hope we didn't throw away the mould from which that team was made."

Completing one of the most successful seasons in the school's baseball history, Mt. Lebanon's record was eight games won and two lost, capturing the Section I title for the second successive year.

The 1944 season started with Langley, the city champions. The Mounties took the first game 10-4, losing the second 5-4. The sectional schedule followed, Mt. Lebanon winning all games played with West View,

Crafton, and Baldwin. In the elimination series the Blue Devils defeated Findlay 7-1, but lost to a strong Aliquippa team 7-0.

The pitching staff sparkled with fine hurling by Wardwell, Bush, and Rumberger. Del Grande, McMaster, and McDaniel capably handled the catching chores. The clever-fielding and hard-hitting infield consisted of Vollmer, Callahan, McShannic, and Corbett, with the ball-hawks, Thomas, Williams, and Steliotes in the outfield. Efficient substitutes were B. Bearer, Frye, Lowery, and Ball.

## BOXING AND WRESTLING

To close the winter sports season a boxing and wrestling tournament again took the school by storm. The gym was packed to capacity for five straight days with an enthusiastic throng cheering the contestants on. There was action galore packed into the fights from the beginning to the finals, and the keen competition brought out the true competitive spirit of the boys. The 1945 tournament will be long remembered.

This season's intramural basketball season turned into a hot race, with nearly every homeroom boasting an entry. After a bitter struggle, 11A-9 captured the school championship, winning seven straight games, including the play-off against 12B-1 and 2 by a 17-15 score.

## G. A. A. CALLED MATES

"Fall in!" "Right face!" "March—1, 2, 3, 4!" "Down the center in six!" These were all familiar commands given in gym class. "Don't do any more than twenty knee-bends!" Some unfortunate person always missed this number and went on to do an extra thirty. One consolation was that the railings were constructed sturdily so one could lean on them going up and down the stairs. Incidents like this never ceased and kept our gym classes lively at all times.

The Girls' Athletic Association surpassed last year's membership to make it the greatest in five years!

Never before had the team captains bestowed such titles on their teams—Oshkosh, Sad-Sacks, Rip-Snorters, Roger, Limeys, R. A. F., Mac's Muscle Women, Hubba Hubba, Stars, Duffy's Tavern, Gravel Gerties, Ishkabibble, Lazy Lizzies, and the more conservative Navy, Michigan, Notre Dame, Southern Cal., Bucknell, and Bethany.

Miss Billingsley certainly rates a "salute" from all the girls for her grand sportsmanship in gym classes and after school. She was always a willing listener and counselor, as proven by the large number of girls in her office before and after school. Also a hearty cheer for the G.A.A. Council for all they did in officiating and scheduling the sports and planning other activities. They sponsored the play-day, which resulted in a joyful afternoon. That day was January 11. There were one hundred twenty-five Lebo Lassies, divided into ten teams depicting sports equipment. It was a great day at the "Gymboree!"

Here are some Lebo lassies learning the technique of basketball.

Some got it, some don't—they got it. Looks complicated, doesn't it? It is!

"The daring young man on the flying trapeze." Only this time it's a girl. Looks much better that way.

As usual the Council had their many good times, such as swimming parties and the annual picnic in the spring.

Soccer started off with a bang, but because of the condition of the field the tourna-

## ON DECK FOR GOOD TIMES

ment could not continue. Ohio State, captained by Sue Jackson, and Duffy's Tavern, captained by Gerry Mulson, were the two top teams, winning all games.

Great enthusiasm was shown toward minor sports, with over two hundred girls signing up. Because of weather conditions the seniors did not have the opportunity to finish their archery tournament. In deck tennis, Ella Baum and Gerry Mulson came out on top after a hard contest with Sue Jackson and Margie Hathaway. Lucille Omohundro and Joanne Emery were the proud winners of the sophomores' bandminton matches after defeating Peggy Taylor and Lois Hogsett in the finals.

Basketball, as usual, led the sports parade. Since there were over two hundred twenty-five girls that signed up, seniors were chosen to captain the teams also. Hubba

Hubba, captained by Gretchen Lorentz, came out on top by overpowering Duffy's Tavern in their final game. Gravel Gerties, captained by Ella Baum, and Bucknell, captained by Jane Alexander, were tied for second place. Hats off to the sophomores all-star team! They did a fine job in defeating the freshmen. In an exhibition game sponsored by the G.A.A., Duffy's Tavern regained its prestige by defeating Hubba Hubba, 14-6.

The highly popular volleyball tournaments and mushball games opened the spring semester. Spring fever did not interfere with our "mighty" ball teams.

Now, as another school year draws to a close and another year of G.A.A. ends, the seniors turn their bows and arrows over to the juniors; and the sophomores say, "Hope you're around next year!"

The students elected last year really deserve a salute from the crew.

## ACTIVITIES KEY

Don't you envy those proud possessors of that lovely black and gold key? Well rightly so, for that small key represents a lot of work accomplished in various extra-curricular activities. A student must earn ninety activities points to be entitled to wear the Activities Key. Some earn these necessary points by singing in the choral programs put on by the school; others earn theirs through faithful service on various committees and squads, selling candy or planning devo-

tional programs or any of the many activities carried on by the school. Several Lebanonites in each class work hard and earn this fitting reward in their junior year. Others go on and earn one hundred ten additional points that they may receive the Activities Guard to go with their Key. The key consists of a black background with a gold cedar tree embossed on it and the initials Mt. L. The guard can be attached to this key when you receive it. This is really an honor worth working for.

## Girl Reserves

Ahoy Mates! The Girl Reserves have landed. After a year long voyage on the seas they have put into port. This wasn't a crew of pirates, however, for they defended the poor and oppressed. The three Girl Reserve groups went "full speed ahead" to raise one hundred dollars for the Armed Service Committee and collected one hundred seventy-five dollars for a Red Cross donation.

It wasn't all work and no play. In the social line the Beta Night Club, featuring "Point Ciana Hathaway," was tops; and our week-end at camp will long be remembered by everyone.

Everyone went overboard for the two groovy dances, "The Star Spangled Special" and "The Kurfew Kouples," which were sponsored by the three clubs. All the "swab jockeys" could be seen swabbing the decks; but don't get us wrong, folks, for it was with their feet to the mellow beat of a solid tune.

Our programs dealing with "Know Others," "Know Yourself," and "Know Your Career" furnished many interesting meetings as well as lots of fun.

# DISTINGUISHED SERVICE

## Hi-Y

Under the able leadership of Mr. Ruth, the Hi-Y progressed rapidly during the past year. With Harry Nelson and John Kountz as presidents, the club was rebuilt from a small nucleus of old members to one of considerable number.

The club's most noted accomplishment was the collection of two hundred fifty dollars to provide recreational equipment for an L. S. T.

## TRAILBLAZERS

The Trailblazers, a semi-social club, included in its activities this year a Goodwill Drive and the donation of gifts at Christmas to wounded war veterans and to the Children's Hospital.

## CIVIL AIR PATROL

Adding to the growing ranks of 250,000 C. A. P. Cadets are many Mount Lebanon boys, who are being trained in various military fields by returned servicemen.

# THE SHIP'S BAND AND ORCHESTRA

## BAND

MAJORETTES

Gray, Miller, Klingensmith, Brill, Heineman,  
Palmer, Harmon, Dennigan.

Did you hear some mighty queer sounds coming from the band room three days a week? We did. The band hadn't quite become used to being surrounded by four walls, a floor, and a ceiling after so much marching outside. Take, for instance, those practices in spirals, which were sometimes rather dangerous; the majorette whistled for a halt; the drowsy trombone player forgot to stop and ran his "slush pump" into the guy in front of him; thus we found a whole row of unconscious victims lying on the ground. See what we mean? Right in the middle of a very moving overture the clarinets gave with an unusual trill—anything to add to the confusion. The drummers, when "off duty", enjoyed relaxing (a bit too noisily) in one corner of the room. The French horns and basses had no little trouble getting their "oompah-oompah's" in at the right time; but when everyone played the same tune at the same time, we really heard some swell music from our band.

Top: The drummers beat out our rhythm. Front Row: MacLaren, Timothy, Schmitt, McKean. Back Row: Bierman, Aichele, Mullen, J. Martin, Briant. The band's woodwinds weren't blockheads. Front Row: Warnick, Schenck, Weiser, Smith, Baumbach, Marquiss. Back Row: Wilson, Fleischut, Walther, Steele, Albert. Bottom: "Ad lib-ing" was a favorite pastime of our clarinets. Front Row: Cramer, Critser, Markle, Mervick, Pollock, D. Reynolds. Back Row: Buschow, McConnell, Jacobs, Komara, Furman. Our color guards step out on parade. Karcher, Johnston, Harper, Conrad.

# SWELLED THE BREEZE

## ORCHESTRA

Although the orchestra had a rather quiet season this year, it had a part in many school functions. Our budding musicians rendered yeoman service at class plays, senior assemblies, and commencements. In preparation for these occasions, they practiced Monday and Wednesday mornings under the capable direction of Miss Sneary, whose principal aim this year was to build up the lagging string section and tame the blaring brases. To her and to the whole orchestra we extend our hearty thanks.

Top left (Front): Weatherwax, Bailey, Gourley. (Back): Frye, Glenn. Right (Front): Gould, Gollmar, Churchill. (Back): Griffiths, Ritz. Lower Left: Leone, Reynolds, Robinson, Mervick. Right (Seated): Cutler, MacKinnis. (Standing): Bradley, Thomas, Richards.

Top: The "Trolley Song" had nothing on our bell players. J. Wilson, Eichenlaub, Garvey. Future Harry Jameses blew their lungs out. Front Row: Bruce, Geinzer, Gilson, Lang, Smith, Vogel, Evans. Back Row: Farrell, Herget, Le Lanchon, Marsh, D. Reynolds, Reed. Bottom: These brases really starred in the "solid" boogie-woogie. Front Row: Backinger, Coate, Bradley, Simonson, Graves, Bametzrieder, Richards. Back Row: McKinnis, Lentz, Hilf, Greene, Ritz, Ferguson, Hecht. Our "tooting" flutes are protected by a cornet and a sax. Jones, Baum, Dennigan, Marquiss, Dorman, Birch.

## Why The Chimes Rang

As the chimes ring the Christmas Chorus sings "Allelujah," and the play draws to an end.

## THERE WAS GOOD ENTERTAINMENT, TOO

### THE CHRISTMAS PLAY

Under the able direction of Miss Funk, "Why The Chimes Rang," a one act play by Elizabeth McFadden, was presented for the annual Christmas program. Although handicapped by a raging snow storm, which made it impossible for all members of both the cast and chorus to attend the last few rehearsals, "the show had to go on." And it did!

The play unfolded the story of a boy's unselfish love for the Christ Child and his true Christmas spirit, which made the chimes ring.

The cast included C. Reichblum, C. Schumann, B. Parke, A. Fulton, and G. Bergman. Pantomime roles were capably handled by L. Bush, A. Roth, J. Monticello, B. Barrett, J. Vaux, J. Didrichson, and B. Summers. Miss Sneary's choral group sang the beautiful songs in real Christmas spirit.

### THE TRIPLE TRIO AND CHORUSES

Mount Lebanon has reason to be proud of its fine choruses under the direction of Miss Sneary. The four-part harmony heard on our devotional programs was produced by the Wednesday Morning Chorus, and you may have seen some of the members of the third and sixth period choruses practicing for their solos with Mina Belle Packer or Barbara Cutler.

A group of early morning warblers was the Triple Trio, whose fame was so far-spread that they were invited to sing at several outside affairs, besides singing at the Senior Tea, Senior Assembly, and Commencement. These groups all joined together to furnish the music at the Christmas and Easter assemblies.

# SENIORS WENT OVERBOARD

## CAPTAIN APPLEJACK

"Captain Applejack", by Walter Hackett, was originally produced in New York in 1921; but December 1, 1944, will always remain a more impressive date in our minds, for it was then that the January Class re-acted this sensational drama.

Tired of the life he has lived, Captain Ambrose Applejack longs for adventure, getting more than he bargains for when buried treasure, mystery, murder, and romance all enter his life.

We'll always remember the night Cy promised to chauffeur Mr. Mills to rehearsal in return for the use of his tux—Cy ran out of gas and Mr. Mills, for the first time in his life, arrived late for practice—and the catchy tune Cud sang in his dream, also Bobbie's realistic faint; but there was work as well as fun. Still the cast felt well compensated for many long, hard hours when their performance met with an appreciative response from the audience.

Mutiny—but it was only a dream.

Cud, Maryellen, and Dick found the treasure—rice.

Phil, Evelyn, and Joy, the make-up committee, put a paint job on Thelma.

Aunt Agatha came down stairs in pin curls and cold cream to inquire about the commotion.

Bobbie fell in a melodramatic faint.

For Borolsky (Cy) this was all in the line of duty.

# FOR CLASS PLAYS

## DOUBLE DOOR

The class of '45 successfully presented the melodrama, "Double Door", a psychological mystery dealing with the intense struggles carried on by wealthy Victoria Van Bret to dominate her sister and half-brother. In preparation, the two casts rolled up their sleeves for seven weeks of intensive rehearsal. At first all hands were pretty green; but, as time passed, the characters really began to take form.

Some of the casts' lighter moments were when Allan Johnston had trouble carrying Carol Kunz in his arms and when Bob Callahan and Doris Becker played the loving couple. The part of timid, nervous Caroline was so well acted that the audience really felt sorry for her. None of the cast will forget detective Dave Steward—he was a character on stage and off.

Rip is really determined to get into the vault—look at his grip on Victoria!

These were the after effects of a night in Vicky's secret chamber.

All sit tense as the inimitable detective, Mr. Lambert, puts Dr. Sully in a delicate position.

# LANTERN KEPT US INFORMED

## Lebanon Lantern

If you think that make-up editor is cutting paper dolls, guess again. He's simply making his copy fit. If the air is checkered with bits of the dummy (any staff member), then you know the Lantern crew's at work. And we mean work.

Wartime shortages were more of a challenge than an obstacle. True, we were forced to reduce the number of newspapers printed, but this made each copy more valuable. Many thoughtful students saved their Lanterns for the Armed Service Committee, which mailed them to alumni overseas.

## Lebanon Log

The voyage is over at last as the Good Ship Lebanon puts into port, a bit battered by rough seas, it's true, but with the Blue and Gold still flying.

The training we received at the hands of our officers proved valuable, as we were commended for our accomplishments in the fields of scholarships, sports, and activities.

We have tried to make this log book a true record of our cruise on the high seas of Good-fellowship and Learning. At times it was rough sailing, and often the crew threatened mutiny; but under such experienced navigators as Hoyt and Peggy we soon got our sea-legs.

We go ashore reluctantly, remembering exciting games with those landlubbers, Dormont and Brentwood, the shaking timbers during semester test week, and the thrill of pride as we walked down the gangplank at Senior Assembly. Ahead lie uncharted waters, but we are determined to meet each new challenge bravely, proving our right to be called "able seamen."
